

Core Training – Recommended Requirement for workforce operating in the HCPC area

Those in Intensive workforce to attend minimum R&R plus additional courses relevant to specific job roles. Additional courses are available on the training calendar such as Graded care profile, Trauma informed practice, Harmful parent interactions and E-modules are also available to support practice needs e.g. chronologies, think you know neglect, etc. please refer to our training page for more info.

It is the responsibility of practitioners and managers to ensure they have attended the training required for their role. Course certificate validation is 3 years but we strongly recommend that you refresh within this time period whenever possible.
